Re: Pleasure Lake Dam - DEC Dam ID#: 163-1597
Thompsonville (T), Sullivan County
Dam - Permit#: 3-4828-00144-00005
DEC Case#: R3-20030530-79

APPROVAL TO FILL NOTIFICATION

Dear Mr. Voeglin:

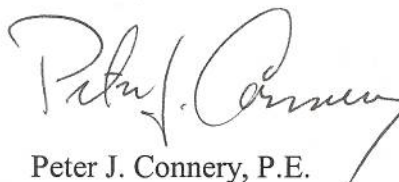

I have received the notice of substantial completion and the engineer's certification for the work completed under Permit#: 3-4828-00144-00005.

I inspected Pleasure Lake Dam on June 13, 2008. I will be issuing a letter documenting my June 13, 2008 inspection shortly. The permitted work appeared to be complete and in accordance with approved plans. The Department of Environmental Conservation's (Department) requested changes have been completed and the work performed has been documented in the engineer's certification, dated June 19, 2008. You are hereby authorized to impound water; this constitutes the "Letter of Approval to Fill."

Please remember that with dam ownership comes responsibility. As you go forward, it is important to remember to continue with a program of regular inspection and maintenance of the dam and that the dam's Emergency Action Plan (EAP) be kept updated. If the Department can provide assistance with that effort, please contact us.

Thank you for your cooperation and assistance during the project.

Sincerely,

Peter J. Connery, P.E.
