Winter Reminders

Please remember that road conditions are difficult in the off-season and members should consider parking at the Clubhouse or at the Yellow gate parking areas and walk in to the lake and cabins.

All members are reminded that winter weather conditions make staying at cabins overnight difficult, and members should not remain at the lake cabins during winter storm events. Road closures are particularly likely at those times, and members who remain at a cabin through a storm event should not expect roads to be plowed for a period of up to three days (& perhaps longer depending upon the conditions). Members should not assume that roads will be cleared enough to drive to every cabin, and roads may be icy even if they were previously plowed. Please use caution & discretion.

Don't forget to fill out the Member Highlight Survey

The FF&BC Board of Directors would like to start highlighting our members, especially since we have had many new members join the Club in the past few years. In each newsletter, we will highlight a few of our members -- long-time and new members alike -- so that we can get to know each other a bit better.

Please click on the link below and briefly tell us a bit about yourself and your family. Eventually we hope to be able to introduce everyone to each other through this email newsletter. Click on the following link to take our brief Member Survey. Thank you!
